ABOUT **COMPANY**

The strength and success of Sperita Granito lie in its sound infrastructure which has advanced manufacturing facilities that comprise the latest machinery and advent-grade technologies.
The ultra-modern plant supported and run by technically sound staff ensures that Sperita Granito is indeed matchless when it comes to ceramic tilling solutions.

Sperita Granito has developed in leaps and bounds by getting into the greater pool of technology, by adopting italian technology which has benefitted customers in all arenas since factors like optimization, calibrations, sizing, and designing is taken great care off.
Technology providers in the ceramics field who realized the potential & sincerity of the company preferentially offered us and distributors the best support to strengthen individual positions in our respective markets.

SUPERIOR GLOSS SURFACE

SUPERIOR GLOSS SURFACE

A stunning, high-gloss finish that elevates any space. The reflective surface amplifies light, creating a brighter and more luxurious ambience.

PEI-IV
ABRASION RESISTANT
FOR MODERATE TO HIGH TRAFFIC AREAS

ABRASION RESISTANT FOR MODERATE TO HIGH TRAFFIC AREAS

Our tiles are designed to withstand the test of time, even in high-traffic areas. Their superior abrasion resistant of PEI-4 ensures durability and maintains their pristine appearance for years.

EASY TO CLEAN

EASY TO CLEAN

They are easy to clean and maintain, thanks to their non-porous surface that resists dirt and stains

REFLECTIVE GLOSS INDEX <8%

REFLECTIVE GLOSS INDEX <8

Our tiles feature a subtle, low-reflection finish, reducing glare and creating a more comfortable visual experience. This makes them ideal for various settings, including spaces with significant natural light
